Education

Swarrnim Startup University — Sep. 2019 – May 2022
Diploma in Computer Science — *Kalol, Gujarat*

Institute of Advanced Research University — Aug. 2022 – Present
Bachelor of Information Technology — *Gandhinagar, Gujarat*

Experience

Full Stack Developer — Feb. 2022 – Present
Self-Driven Projects — *Ahmedabad, Gujarat*

- Spearheaded the development of a scalable web platform using React.js and Node.js, resulting in a 30% increase in user engagement within 3 months.
- Implemented optimized RESTful APIs with Node.js, reducing data retrieval time by 25% and improving system performance.
- Collaborated effectively with a team of developers using Git, ensuring version control consistency, which rise team productivity by 20%.
- Revamped UI/UX designs with a mobile-first approach, improving mobile conversion rates by 18%.
- Established backend architecture for scalability, achieving a 15% boost in speed and reducing downtime by 10%.
- Adopted Agile methodology, meeting 100% of client requirements within deadlines while improving cross-team communication.
- Integrated state management using Redux, ensuring smooth state transitions and enhancing app performance.

Projects

React Admin Panel | *React.js, Chart.js, Tailwind CSS* — June 2023

- Developed a fully responsive React-based admin panel, reducing load times by 20% and improving user experience.
- Integrated dynamic tables with features like sorting, pagination, and filtering, enhancing data manipulation capabilities by 35%.
- Introduced real-time analytics using Chart.js, empowering data-driven decision-making across departments.
- Boost user navigation speed by optimizing routing with React Router, improving transition times by 15%.

EPAY | *Next.js, Tailwind CSS, AppWrite* — Sept. 2024

- Led the creation of a transaction management platform, improving accuracy by 30% by implementing enhanced categorization.
- Streamlined payment gateway integrations, reducing transaction processing errors by 20%.
- Enhanced the user interface, boosting engagement by 15% with Launched design and intuitive navigation.
- upgrade OAuth 2.0 for secure authentication, ensuring a 99.9% system uptime and safeguarding user data.
- Devised visually appealing transaction dashboards, increasing user retention by 10%.

Skills

Languages	*JavaScript, TypeScript, HTML5, CSS3, SQL, Python*
Frameworks	*React.js, Next.js, Node.js, Tailwind CSS, Express.js, MongoDB, Firebase*
Tools	*Git, GitHub, Docker, Postman, Vercel, Firebase*
Concepts	*Agile, RESTful APIs, Responsive Design, Cross-Browser Compatibility, UI/UX Design, OAuth 2.0*

Activities

Hackathons — *2022 – Present*

Competed in multiple national and international hackathons, winning awards for innovative web solutions.

Open-Source Contributions — *2021 – Present*

Contributed to various open-source projects on GitHub, enhancing the functionalities of key web tools and libraries.
